The annual membership banquet was held on October 22nd at the Milwaukee County War Memorial. The evening was a salute to our National Veterans Wheelchair Games Athletes. Many athletes attended wearing their medals they have achieved throughout the years. Scholarships were awarded to five SCI staff members. Roy Gerber, Jana Zullner, Carl Crawford and Catherine Schroeder received scholarships for pursuing certification as a Certified Rehabilitation RN, Lilian Lomax is pursuing a degree as an RN. We want to thank Clare Scheuerell for her Green Bay Packer autographed football donation to our on line auction! This football was our most successful donation. Thanks Clare! The evening wouldn’t have been complete without our annual Raffle! Thanks to all of those who purchased tickets!

Happy New Year! Well it’s hard to believe that we just finished another year. It seems like each year just goes by faster and faster. Looking back, I would have to say that we have had one of the best years in recent memory. Financially we are very strong. Our investments are preforming as expected with steady gains and we’ve received some very appreciated donations. As a result, we have been able to grow our portfolio, increase our endowments and even create a new endowment called Adaptive Technology/Accessibility. This new endowment is for members to apply for grants in support of adaptive technology or accessibility needs. Guidance on how to apply is on page 5. Our priority is ensuring quality of life for our Veterans. We are committed in helping them wherever we can. This new endowment will go a long way in fulfilling this commitment.

We have had a number of successes this past year. March found us starting out the shooting season in Oak Creek, WI at MATC with our Air Gun Tournament. This was very well received and we are looking forward to once again. The next tournament is March 21-22, 2020. Mark your calendars as we want to see you compete, or just come and support our members.

In May, we held our annual Green Bay trap shoot. The weather was not the best but our members showed up and did the best they could under the circumstances. A good time was had by all and the program once again had an outstanding banquet. Please note the date for the 2020 shoot will be June 27-28th. We are hoping that starting a month later will give us better weather. Please watch for more information in our next newsletter.

While the weather has turned cold and many of us are staying home, I would like to encourage you to get out and join us in participating in the many SCI programs. See our website calendar for the schedule of events.

As Always, I thank you for your service to this great country. It’s because of people like yourselves we continue to live free.

Stay Safe and God Bless. Dale
Department of Defense Expanding Access to Military Commissaries, Exchanges and Recreation Facilities

More veterans and caregivers to have eligibility.

The Department of Defense is proud to expand commissary, exchange and morale, welfare and recreation retail eligibility to:

- Purple Heart recipients
- Former prisoners of war
- All veterans with service-connected disabilities
- Individuals approved and designated as the primary family caregivers of eligible veterans under the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers

The DoD, VA and the Department of Homeland Security are collaborating to implement the Purple Heart and Disabled Veterans Equal Access Act of 2018 for those who will be eligible for this benefit on Jan. 1, 2020.

Facilities like these will be open to the newly eligible patrons starting Jan. 1, 2020:

- Commissaries*
- Military service exchanges
- Golf courses
- Bowling centers
- Recreational lodging
- RV campgrounds
- Movie theaters
- And more!

*DoD is required to charge a small fee to new users who are eligible solely under the Purple Heart and Disabled Veterans Equal Access Act of 2018, to cover any increase in costs to the U.S. Treasury for processing commercial credit and debit cards.

BREAKING NEWS

PVA WI has come up with a NEW policy to assist our members. Please continue reading to see if this fulfills a need for you. Applications will be accepted two times per year, starting in spring.

Adaptive Technology/Accessibility Policy:

1. Who can apply:

   All PVA-WI members may be considered for funding assistance in the area of adaptive technology or accessibility items (e.g. the removal of barriers in a primary living quarters, hand controls for a vehicle other adaptive driving controls to a personal automobile).

2. How to apply:

   Members submit a request to the board of directors. The application form for this type of request is located as an enclosure to this policy. Funding may be provided to a PVA-WI member in the absence of any other VA funding option. The adaptive technology/accessibility grant is intended for needs that are unable to be funded by other funding sources such as Social Security/Medicare or via the VA with a SAH Grant, HISA Grant etc. Proof of denial from such programs must be attached to the funding request. The PVA-WI member must have been a member for at least one year.

3. Funding available to apply:

   The Chapter has established an endowment grant that is used to fund this program. The board of directors will establish the amount of funds available each year. Each member may apply every five years for a grant. All grants are subject to funds availability.

4. Chapter liability:

   There is an understanding between the member and PVA-WI that the applicant is receiving a charitable receipt and that PVA-Wi has no inherent liability regarding the project or the item that is funded. The funding request submitted by the member states that the PVA-WI is held harmless and has no responsibility or obligation of any kind and that the charitable funds committed will be paid upon completion of the project and submission of receipts for the project.

5. Covered Expenses:

   a. Home Structural Modifications

      Funding reimbursement is provided for modifications or adaptations to a home structure that improves a member’s safety or accessibility in or around the house. Each application is limited to 50% of the project. The request must include at least two bids. Each bid must have a description of the work that will be performed.

   See page 10 for cont’d information
PVA Members make use of this benefit! Treat your spouse, a friend or your care giver to a night out! It could be for Valentine’s Day, or any other day of the week! You are entitled to this reimbursement two times per year. All you have to do is GO and send in the receipt!

MEMBERSHIP ENTERTAINMENT POLICY

Membership entertainment benefits are available to regular members who meet certain criteria. If you are a member in good standing you can request financial assistance to attend an entertainment event. Through this program we are encouraging members to get out in their communities and be involved. You can request a $50 stipend bi-annually to attend an event of your choosing [i.e., dinner, movie, concert, sports event, etc.].

To participate in this program, you must submit a written request for the funds, with an explanation of how they will be used, [i.e., transportation, attendants, tickets, etc.] 30 [thirty] days prior to the event. Upon review and approval of the membership committee, a check [not to exceed $50.00] will be issued. After attending the event you must submit all receipts associated with your outing, return any unused funds, and submit a short report of the event you attended. These must be submitted within 30 days of the outing. Entertainment forms will appear on our website, www.wisconsinpva.org and they are available by contacting the PVA WI Chapter Office [414-328-8910].

Name____________________________________

Address____________________________________

City __________________________ State ___ Zip________________

Telephone______________________________

E-mail address __________________________

Date of event __________________________

How funds will be used __________________________

Amount requested $ __________

I hereby pledge to deliver all receipts to the PVA-WI Chapter office within 30 (thirty) days of the completion of the event. I understand if I do not complete this requirement, I will not be eligible for future financial assistance from the PVA-WI Chapter until I complete the requirements, submit them, and I am approved.

Members signature __________________________________________
The 2020 Cost of Living Adjustment (COLA) increase for the 68 million Americans who rely on Social Security, VA disability, military retirees and other government benefits will be 1.6%. An increase is good news but a modest increase compared to last year’s 2.8%. COLA increases are based on the inflation measurement period of the 3rd quarter (July, August, and September) compared to the previous 3rd quarter.

The 1.6 percent cost-of-living adjustment (COLA) will begin with benefits payable to more than 63 million Social Security beneficiaries in January 2020. Increased payments to more than 8 million SSI beneficiaries will begin on December 31, 2019. ~ SSA statement

2020 VA Disability Rates saw 1.6% cost-of-living increase based on the COLA calculations. For a 50% disabled veteran with a spouse and one child who currently receives $1,026.36 per month, this amounts to about $16 more per month.

2020 disability rates are effective 12/1/2019.

We gladly accept the following vehicles, regardless of the condition: cars, SUV’s, motorcycles, boats, RV’s, Airplanes, Farm equipment, horse trailers, trucks, semi-tractors, campers.

Schedule your free, easy pick up today! Call 855-744-0782
NOTES FROM OUR EXECUTIVE DIRECTOR

Winter is upon us and most of us limit our time outdoors. That being said we here at PVA-WI can help. Why not try an outing to the range to shoot an air rifle or pistol or venture out to a game of boccia ball. I recently enjoyed bowling at the AMF lanes in Milwaukee with several of our members. We have a list of activities that you can participate in as well as our partnership with other organizations for your benefit. We only need you to contact us and tell us that you interested in some sort of activity. A phone call to our office (414 328-8910) will allow us to assist you. Most of these outing are fully paid for by PVA-WI and members can request reimbursement. Additionally, the entertainment policy allows a member up to $50 to go to a movie or out to eat. You can do this twice a year. The form in on the website or you can call our office for assistance. This is a great opportunity for Valentine’s Day or St. Patrick’s Day. Please look at the calendar on our website for dates and outing opportunities.

http://www.wisconsinpva.org/  
Kevin Klandrud

The Hidden Heroes Caregiver Community (HHCC) is an online support group that offers a positive place for military caregivers of all eras to connect with one another. Moderated by caregivers, the HHCC is a welcoming environment for military caregivers to share their stories, seek advice, and find commonality in the challenges they face. Military caregivers can register and join the HHCC through our website, HiddenHeroes.org.
Your Life. Your Ride.

Rollx Vans is the only van manufacturer that delivers minivans and full-sized vans directly to your doorstep. Our mission is to listen to you to serve your needs and give you the freedom and mobility that you deserve.

- Certified Conversion Process
- 24 Hour Nationwide Service
- At-Home Delivery
- Industry-Leading Customer Satisfaction
- Competitive Financing Options
- Customized Just for You

We take great pride in serving those who served our country.

It's why we work with the Veterans Administration to make the process as simple as possible for you. This includes bringing the vehicle to the VA for inspection, taking care of all VA paperwork, and delivering the vehicle to your home once it's ready.

Veterans get $1,000 off the purchase of your first Rollx van today!

Call 800-956-6668 or visit us at rollxvans.com.
b. Hand and other driving controls

Funding for driving controls (left foot accelerator, hand brakes etc.) to be placed on a member’s personal automobile must be performed by a certified dealer or technician. Each application is limited to 50% of the project. The request must include at least two bids unless the technology only has a single source. Each bid must have a description of the work that will be performed.

c. Other type of technology or accessibility

Funding for any other type of technology or accessibility needs not mentioned above can be covered. In general costs are generally limited to 50% of purchase.

6. Reimbursement procedures:

PVA-WI will pay the member after verification of completion. Photos and a written statement of how the project helps the member must be provided before payment is given. Payment may be made to the service provider that performed the work or to the member directly.

*Any exception to policy must be presented to the board of directors for consideration.

Adaptive Technology/Accessibility Fund Request Form

Applicants Name___________________________

PVA Number___________________________

This request is for (check the box):

- Hand or other Driving Controls for a Vehicle
- Accessibility Issues
- Other (Please specify)

PVA-WI will make payment after verification of completion. Photos and a written statement of how the project helps the member must be provided before payment is given. Payment may be made to the service provider that performed the work or the member directly.

PVA-WI’s role is to provide charitable funding. The chapter has no inherent liability or supervisory requirement or is obligated in any way regarding this issue. By signing this request form, the member acknowledges that PVA-WI is to be held harmless.

Applicant Checklist for Funding
• first apply at VA NSO office; if denied for funding, provide PVA-Wi with signed, dated NSO note that specifically identifies you are turned down due to non-funding; note needs NSO representatives name and phone number; turn in to PVA-Wi office

• secure 2 or more vendor bids with drawings for home modifications or a quote for driving control installation from a certified NMEDA installer and attach to this form
U.S. Senators Jon Tester (D-Mont.), Susan Collins (R-Maine), Bob Casey (D-Pa.), and Steve Daines (R-Mont.) introduced legislation in early December requiring the Department of Veterans Affairs (VA) to systematically track victims, scammers, and trends to proactively protect veterans and survivors across the country from predatory pension poachers. Our nation’s aging veterans represent a segment of vulnerable individuals increasingly targeted by bad actors preying on the VA pension benefits they’ve earned. While veterans are often victims of scams including being overcharged for home care, charged for services they did not receive, or given bad investment advice, a recent report from the non-partisan Government Accountability Office found that VA has not taken an aggressive approach to prevent this exploitation.

The Veteran Pension Protection Act will require VA to take a more central and active role in identifying the prevalence of these scams, educating veterans, survivors, and VA claims processors, and tracking the effectiveness of VA’s current system of reporting complaints to the Federal Trade Commission (FTC), the Office of Inspector General (OIG), and the Department of Justice. The Veteran Pension Protection Act will:

- Require VA to collect information on potential financial exploitation from all departments within the VA then create a plan to address trends apparent within this data.
- Call for VA to regularly update guidance and training curriculum to claims processors regarding the definition and examples of questionable medical expenses in pension claims.
- Require VA to develop a mechanism for tracking the number of individuals receiving pension benefits for which they are not eligible and provide an annual report to Congress.
- Require a report on additional steps that can be taken to verify direct deposit information.
- Create an annual report on the number of pension recipients that are identified by the Department as likely or proven victims of financial exploitation.
- Require VA to report on the result of referrals of financial exploitation that they submit to the FTC’s Consumer Sentinel network, the DOJ, and the OIG.
- Require any educational or application material created by the Department to inform applicants that the Department does not charge fees in connection with applying for pension benefits.

As you are documenting your final wishes for your family, remember to have them contact PVA-WI so that we can provide the marker for your grave stone. We will ship it out free of charge upon request.

Please call the office—414-328-8910

Please notify the office if your loved one, our member, has passed.

If you are paralyzed, have MS or ALS you can become a member. Please contact the office for a registration form.
K9s for Warriors is a non-profit organization that provides trained service dogs for Veterans suffering from post-traumatic stress disorder, traumatic brain injury and/or military sexual trauma related to their service. The group helps to end Veteran suicide and to restore dignity and independence to those who have served in the military.

K9s for Warriors matches Veterans with a service dog and guides them through three weeks of training with their new dog free of charge. Service dogs are scientifically proven to lower symptoms of post-traumatic stress disorder, depression, and social isolation while increasing life satisfaction and overall psychological well-being.

Eligibility—If you are a service-connected disabled Veteran with military service after Sept. 11, 2001, then you are eligible to apply. The disability does not have to be physical and can include psychological diagnoses to qualify for the program. Currently, the program does not apply to Veterans who are legally blind or hearing impaired.

You can begin your application for a service dog on the K9s for Warriors website. The application process takes approximately 1-4 weeks. You must include a letter from your doctor that confirms your service-connected disability and states that you are physically and mentally capable of undergoing the 21-day training program. A Mental Health Verification form, four copies of your DD214, a full-length photo for identification, and an agreement to support form from two individuals must also be included in your application.

If you are accepted, you will be put on a wait list which averages approximately 16 to 18 months. Then, you will be paired with a dog based on your personality and activity level. At that point, you would attend the training program in either Ponte Vedra or Gainesville, Florida. Veterans are provided with housing and meals during the training program. Transportation to Florida is not included; however, there is a list of organizations that will assist with travel costs on the K9 for Warriors website.

https://www.k9sforwarriors.org/
Paralyzed Veterans of America’s veterans’ employment program, PAVE – Paving Access for Veterans Employment - was launched in 2007 to ensure that PVA members, their spouses, and caregivers, have access to meaningful employment, educational, and volunteer opportunities. Our team of certified vocational rehabilitation counselors and employment analysts provide high-touch, one-on-one assistance to guide veterans through the process. Studies have found that there are significant benefits for individuals who are engaged, including improved quality of life, enhanced self-confidence, expanded social network, a sense of community and increased income for those who are employed. PAVE staff are specially trained to work with veterans receiving Social Security Disability Insurance and other government benefits. We work hand in hand with PVA national service officers to take into consideration other benefits a veteran may be receiving from the VA. Despite the positive attributes of regular engagement, veterans with significant service-connected disabilities are not currently seeking employment. More than 62% of veterans with a service-connected disability rating of 60% or higher either struggle with or opt out of joining the civilian workforce. When layered with the added challenges of managing a new injury or medical diagnosis, many may feel that the barriers to gainful employment are overwhelming. PVA’s PAVE program Counselors and Analysts continue to be leaders in dispelling the myths and challenging stereotypes of those with disabilities. Working with dedicated employment partners, we will continue to create opportunities for quality and sustainable careers for those with significant and catastrophic injuries. PVA Member Sean Ferry recently found success returning to work through the PAVE program. In late 2018, Sean decided that he was ready to pursue employment opportunities again. He did not have a great deal of success working on his own and reached out to the PAVE program in spring of 2019. Sean worked one-on-one with PAVE Vocational Rehabilitation Counselor, Genia Hachenberg, M.S., CRC, to explore his areas of interest and review the necessary accommodations at work. In September, Sean returned to work for the first time since his injury and shared the following about his experience working with PAVE:  
"After my injury in 2014, my life was turned upside down. It was not easy to transition from being a Mechanical Engineer, and a rather avid hunter and fisherman, into a wheelchair dependent individual. After five years of unemployment, I turned to the PAVE program and its employees for assistance in getting back into the workforce. They were a great asset to me and a
Cont’d from pg. 16 resource that helped me get my job and gain back my independence and self-confidence. Thank you PAVE."

If you, your spouse, or caregiver, are interested in more information about Paralyzed Veterans of America’s PAVE program, please reach out to PAVE Vocational Rehabilitation Counselor James “Jim” Arndt at (612) 970-5987 or JamesA@pva.org. You may also visit our website: www.pva.org/PAVE.org. By Lauren Lobrano, Director, PAVE Program
