Seventy-five years ago, the Paralyzed Veterans of America (PVA) was founded and congressionally chartered to serve the needs of our nation’s servicemen and women who suffer from spinal cord injury and diseases, including MS and ALS.

I am very honored to have been elected to serve as President of PVA’s Wisconsin Chapter (PVA-WI). Our board and staff are thoroughly committed to executing PVA’s mission, while at the same time ensuring sound financial stewardship. I am very proud that PVA-WI holds the distinction of being Wisconsin’s only veterans service organization, 501(c)(3), with a 4-star Charity Navigator rating - its highest awarded rating. Additionally, we have been awarded the Platinum Seal from Guide Star, a Great Non-Profit Seal, and are an accredited charity by the Better Business Bureau (BBB).

The board of directors and I share the same vision and goal of creating a lasting legacy. We believe in our mission so strongly that each of the board members has a personal fundraising goal and augments that goal with personal donations if not met. Additionally, some of our board members have generously given their time and experience by volunteering over 1,000 service hours.

To ensure that this legacy continues to grow and impact more people, we have invested in professionally managed endowments that will provide continued support for our veterans now, and in the future. These endowments support everything from research and education programs to adaptive sports. They benefit our members, their families, the dedicated Veterans Administration staff, the disabled population at large, and all of our supporting communities.

Together we survived an unprecedented pandemic this year. Its impact was felt throughout our state, and we had to cancel many of our in-person events. However, we have successfully adapted and modified how we deliver our programs. For example, via the use of modern technology we have created safe, personalized, at-home experiences for our membership. Even our athletes were able to compete safely in the Virtual-National Veterans Wheelchair Games. PVA-WI is always looking for new ways to encourage our members to get reinvolved in activities outside of their homes and discover the many worthwhile programs and events that we offer. Additionally, in order to improve the information and educational resources that are available to our members’ caregivers, we have designed and hosted multiple training seminars that enable them to do their important jobs even better.

As PVA has done over the course of the past seventy-five years, we will continue to support all our members and their communities while advocating for the highest quality of health care benefits and services, for all veterans. We will also make every attempt to educate our communities about the physical and legal barriers that our members, and the disabled community at large, deal with every day, and promote accessibility for ALL.

Ken Ness
President

wissconsinpva.org
OUR MISSION:

The Wisconsin Chapter of the Paralyzed Veterans of America aims to improve the quality of life for our American veterans and others with spinal cord injury or dysfunction through our programs: advocacy, research, sports and recreation, education and communication. We work closely with the Zablocki VA Medical Hospital Spinal Cord Injury Unit, to promote involvement in national and local activities that support PVA’s mission.

OUR OBJECTIVES:

• To advocate for and monitor the delivery of high quality and appropriate health care benefits and services.
• To assist in identifying and securing veterans’ benefits and other benefits for spinal cord injured and diseased veterans and others.
• To promote medical research to cure spinal cord dysfunction.
• To educate society on the attitudes, physical and legal barriers which confront persons with disabilities and to influence the removal of those barriers.
• To provide opportunities for health promotion, recreation, employment, sports, services and camaraderie for spinal cord injured veterans and others.

Visit us at WISCONSINPVA.ORG
This program is the very core of why the Wisconsin Chapter exists. It is often the behind-the-scenes program that works to ensure our Veterans and others with disabilities are able to live their lives free of barriers.

Our annual Advocacy and Legislation Seminar was virtual this year and focused on the issues of Improving the VA Health Care System & Available Services, Improving & Protecting the Systems & Civil Rights that Support People with Disabilities, and Improving VA Benefits. We used the information gathered to inform and educate all ten (10) of our Senators and Representatives to ensure they are aware of this important legislation and requested their votes. We met with the representatives and their staff using telephone/video conferencing.

Locally, we are here to support every member through challenges they experience. Whether it is van accessible parking at the post office or automatic doors to areas in a medical facility, we are here to be their voice. There is always work to be done with advocacy and legislation and the more voices we have the more powerful and effective we can be.

PVA-WI's healthcare and benefits program aims to work alongside newly injured veterans and existing members as they apply and seek to obtain benefits. Our National Service Officer, Eric Gonzales, and Linda Roberts work to answer questions related to benefits to reduce barriers for our members. Our service office generated over $6 million in earned benefits during FY21. These benefits represent Special Adaptive Housing, Adaptive Vehicles, Clothing Allowances, and other monies used to make our veterans whole and have a safe, successful life. A subsequent branch of this priority area is our Chapter Hospital Liaison Program, Ken Matthews, which serves as the connector to our Spinal Cord Injury Unit (SCI) members. This program is critical as it works as the conduit to ensure that any issues for our members can be addressed while also collecting feedback from members. We provide a lending closet on the in-patient ward with new pajamas, cell phone chargers, headphones, and sundry items.
The 40th Annual National Veterans Wheelchair Games was a fantastic event where PVA-WI members won 43 medals, and Le’Toi Adams won the Spirit of the Games award. Due to the support of New Glarus and other sponsors, PVA-WI was able to have 14 veterans participate in the Wheelchair Games both in-person in NYC and at-home, virtually. Additionally, we sponsored the Golden Age Games.

PVA-WI sponsored our first Salmon-A-Rama at Reef Point Marina on Lake Michigan. Our members had a productive time on the water and caught their limit of fish! One of our members reeled in the largest laker and won top prize for that category.

The first Lego Event, *May the Fourth Be with You*, showcased Jeff Haagensen’s passion for Legos and provided an opportunity to educate youth and community members on the importance of recreational activities to cope with PTSD and learn about adaptive tools.

Our annual 2021 Trap Shoot Tournament was hosted at Brown County Sportsman’s Club in Green Bay. Forty shooters from Wisconsin, Minnesota, Iowa, and Oklahoma enjoyed the great weather and the Green Bay Police Department presenting the colors during opening ceremonies.
Throughout the year, PVA-WI adapted to our membership’s needs and returned to some programming normalcy. We hosted our first caregivers’ respite retreat to honor their continuous commitment and compassion. We hosted several Zoom information sessions on COVID-19 and surviving a pandemic. For the first time, PVA-WI Chapter’s annual membership meeting celebrated our members and commemorated the 75th anniversary of the Paralyzed Veterans of America.

PVA-WI has met with Zablocki VA Spinal Cord Injury unit staff to determine alternative programming sources for inpatients and other ways to support members while in their care.

We continue to enhance our methods of outreach to grow awareness of PVA-WI and our mission. Digital media enhancements have included increased activity on our social media platforms while updating our website and newsletter. These efforts support our initiative to educate the public about spinal cord injuries and diseases while destigmatizing disability.

Our improvements in PVA-WI’s digital media framework provided the medium to highlight healthy recipes and accessible kitchen tools through the Cooking with Le’Toi podcast on our Facebook page and YouTube channel.

In 2021, PVA-WI and the Zablocki SCI unit collaborated to determine relevant and helpful topics to enhance patient care by providing continuing education opportunities to staff at the VA. For example, through collaboration with Marquette University, PVA-WI sponsored several SCI professionals to attend a neuropracticity course geared toward the patients they work with daily. The course was well received and served as a continuing education opportunity to maintain their Continuing Education (CE) requirements. Additionally, PVA-WI supported scholarships for individuals to take the Certified Rehabilitation Registered Nurse (CRRN) certification.

Five PVA-WI members worked in partnership with the University of Wisconsin - Milwaukee to assist in the Physical Therapy lab for students to gain hands-on work experience with individuals with spinal cord injury or disease. The first-year students interacted with the five PVA-WI members to follow adaptive sports, health, and wellness lecture. Students completed a neurologic exam during the SCI lab and evaluated medical history, strength, range of motion, sensation, spasticity, and functional mobility.
PVA-WI strives to continuously improve all aspects of operations and programming to consistently meet our members’ needs. As we develop our next 5-year strategic plan, we have a set of strategic initiatives to highlight.

**Virtual Battle Buddy App**
In partnership with the University of Wisconsin - Milwaukee (UWM), PVA-WI is developing an all-inclusive app for veteran resources. The app is designed with our members in mind and will provide information and incentivize veterans to ensure all of their medical, financial, dietary, and plans are up to date. Veterans will be rewarded to complete tasks along a personalized journey. Additionally, the app will provide instant access to the Veterans Crisis Line. The fitness portion of the app will have the ability to convert energy used by the veteran to perform the fitness task and equitably award points. For example, a veteran in a wheelchair will have their energy used measured by tire rotations and the amount of energy used to perform that task. The fitness portion will be the first phase piloted in a multi-launch process.

**Peer Mentoring Program**
The Peer Mentoring program will be replacing the Chapter Hospital Liaison program. We have PVA-WI Chapter members completing preliminary training to share their experience with other Chapter members that may want to be volunteers in 2022. PVA-WI is excited to launch this program, hoping to build stronger relationships and communities within our Chapter and State.

**Adaptive Sports Boot Camp**
PVA-WI is thrilled to announce the an Adaptive Sports Boot Camp, a boot camp that will take place one week before the National Veteran Wheelchair games. This Boot Camp will provide our members the opportunity to train before the games and take their skills to the next level and prepare their equipment.

**Accessible Marina Program**
After Salmon-A-Rama, PVA-WI has launched an initiative to create accessible marinas throughout Wisconsin. The first accessible marina will be at Reef Point Marina in Racine. In partnership with the Wisconsin Department of Tourism, PVA-WI seeks to bring accessibility to Wisconsin waters through the purchase, installation, and education of electric Hoyer lifts that will be used to safely transfer a person needing assistance from their wheelchair to a boat.

Independent Auditor’s Report

Board of Directors
Paralyzed Veterans of America - Wisconsin Chapter Inc.
Milwaukee, Wisconsin 53202

Report on the Financial Statements
I have audited the accompanying financial statements of Paralyzed Veterans of America - Wisconsin Chapter Inc., which comprise the statement of financial position as of September 30, 2021 and 2020, and the related statements of activities and net assets and cash flows for the years then ended, the related statement of functional expenses for the years ended September 30, 2021 and 2020, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility
My responsibility is to express an opinion on these financial statements based on my audits. I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion
In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Paralyzed Veterans of America - Wisconsin Chapter Inc. as of September 30, 2021 and 2020, and the results of their operations and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Note 1. **Nature of the Operations**

Paralyzed Veterans of America - Wisconsin Chapter Inc. (PVA-WI and/or the organization) is one of 33 chapters of Paralyzed Veterans of America (PVA). Founded in 1946, PVA is organized to provide services to veterans with spinal cord injury or disease, MS or ALS and be an advocate for the disabled community. PVA-WI gained admission in PVA in 1980 and received its Chapter Charter in November 1981. The national organization, PVA, has agreed to support PVA-WI with an annual chapter grant. The approved PVA annual grant for the remaining nine months ending June 30, 2022 is $108,750.

In order to provide services to veterans and be an advocate for the disabled community, PVA-WI has several programs. Program services include:

**Membership and Benefits** - Each PVA chapter is required to maintain an active outreach program to maintain members and solicit new members. Benefit services include a hospital liaison, National Service Office referrals, education, etc. Each PVA chapter is also required to maintain member contact, producing and distributing publications.

**Public Affairs** - Each PVA chapter is required to be proactive in legislation, civil rights and barrier-free design and to create public awareness of issues of concern to members using news media. Additionally, each chapter must provide a program to improve the quality of life of paralyzed veterans and other persons with disabilities by assisting with the expansion of both the quality and quantity of opportunities in sports and recreation, especially those activities that enhance lifetime health and fitness.

**Research and Education** - In order to support research and education in the areas of care and cure of veterans with paralysis, PVA established the PVA Research Foundation and the PVA Education Foundation. PVA chapters are encouraged to support programs directed toward research and education.

**Fundraising** - Each PVA chapter is required to operate a program to raise funds in order to further implement and enhance the other PVA chapter programs.

Note 2. **Summary of Significant Accounting Policies**

**Basis of Accounting** - The financial statements of the organization have been prepared on the accrual basis of accounting, and accordingly, reflect all significant receivables, payables and other liabilities.

**Basis of Presentation** – The financial statements of the Organization have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America. The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016, and the provisions of the American Institute of Certified Public Accountants (AICPA) “Audit and Accounting Guide for Not-for-Profit Organizations” (the “Guide”). (ASC) 958-205 was effective January 1, 2018.

Under the provisions of the Guide, net assets and revenues, and gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Organization and changes therein are classified as follows:
Note 2. Summary of Significant Accounting Policies (continued)

Basis of Presentation (continued) –

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives for specific operational purposes from time to time.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Non-Profit Organization or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Cash and Cash Equivalents – The organization considers all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents. Cash is held primarily in four checking and savings accounts at banks in southeastern Wisconsin. The Federal Deposit Insurance Corporation (FDIC) provides limited insurance on cash deposits. At times, the organization’s cash deposits may exceed the FDIC insurance limit, however, the organization does not expect to experience any losses on its cash deposits.

Investments – Investments are reported at their fair values in the statements of financial position. Unrealized gains and losses are included in the change in net assets. Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan’s assumptions in determining the fair value of investments).
Note 2.  Summary of Significant Accounting Policies (continued)

Investments (continued)

The fair value methodology applied by the organization may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different value measurement at the reporting date.

The organization determined the fair values of its investment securities using quoted prices in active markets. As such, this valuation falls under level 1 of the fair value hierarchy described above. The investments, managed by Morgan Stanley, LLC, are comprised of the following as of September 30,

Property and Equipment – Purchased property and equipment are recorded at cost. Donated property and equipment are recorded at the fair value on the date of the donation. Depreciation is provided in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives on a straight-line basis

- Building and Improvements: 7 to 39 years
- Office Furniture and Equipment: 5 to 7 years

Long-lived Assets – The organization annually considers whether indicators of impairment of long-lived assets held for use are present. If such indicators are present, the organization determines
Note 2. **Summary of Significant Accounting Policies (continued)**

whether the sum of the estimated undiscounted future cash flow attributable to such assets is less than their carrying amounts, and if so, the organization would recognize an impairment loss based on the excess of the carrying amount of the assets over their fair value. Management has determined that no such impairment was present as of September 30, 2021 and 2020. Depreciation for the years ended September 30, 2021 and 2020 was $2,182 and $2,608 respectively.

**Revenue Recognition** – Unconditional contributions are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor-restricted support if they are received with donor stipulations that limit the use of the donated assets. When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction support. Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. The Organization reported no donor-restricted assets as of September 30, 2021 and 2020.

Grants and other contributions of cash and other assets are reported as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Contributions received with donor-imposed restrictions that are met in the same year in which the contributions are received are classified as contributions without donor restrictions. Conditional promises to give are recognized as revenue only when the conditions on which they depend are substantially met and the promises become unconditional.

**Donated Services** - Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the organization. There were no donated services in 2021 and 2020.

**Tax-exempt Status** – The organization is exempt from federal and state income tax under Section 501(c)(3) of the Internal Revenue Code. Management believes that it has appropriate support for any tax positions related to unrelated business activities, if any, and as such, does not have any uncertain tax positions that are material to the financial statements. The organization’s federal and state tax returns are subject to examination by taxing authorities, generally for three years after they were filed for the federal forms and four years for the state forms.
Note 2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements: On August 18, 2016, FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958) – Presentation of Financial Statements of Not-for-Profit Entities. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. Paralyzed Veterans of America - Wisconsin Chapter Inc has adjusted the presentation of these statements accordingly. The ASU has been applied retrospectively to all periods presented.

Note 3. Liquidity Line of Credit

The organization has a $225,031 available liquidity line of credit at Morgan Stanley with the interest set weekly by the lender. The rate at September 30, 2021 was 4.08%. As of September 30, 2021, and 2020 the balance on the line of credit was $0 and $0 respectively.

Note 4. Functional Allocation of Expenses

The costs of providing programs and other activities have been summarized on a functional basis in the Statements of Activities and Statement of Functional Expenses. Membership and benefits expense include the newsletter, hospital liaison, elections and meetings. Sport activities (including the NVWG) and legislative and advocacy activities are included in public affairs. Education includes grants to those pursuing programs to assist disabled persons. Personnel costs, occupancy and depreciation costs are allocated among the programs and supporting services benefited based on estimates made by management.

Note 5. Liquidity

Paralyzed Veterans of America – Wisconsin Chapter, Inc.’s financial assets available within one year of the balance sheet date for general expenditure are as follows:

<table>
<thead>
<tr>
<th></th>
<th>2021</th>
<th>2020</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cash and Cash Equivalents</td>
<td>$ 87,863</td>
<td>$ 83,120</td>
</tr>
<tr>
<td>Investments</td>
<td>1,147,984</td>
<td>899,500</td>
</tr>
<tr>
<td>Land Contract Receivable</td>
<td>40,000</td>
<td>40,000</td>
</tr>
<tr>
<td>Prepaid Expenses</td>
<td>775</td>
<td>775</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td>$ 1,276,622</td>
<td>$ 1,023,395</td>
</tr>
</tbody>
</table>

As part of Paralyzed Veterans of America – Wisconsin Chapter, Inc.’s liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, Paralyzed Veterans of America – Wisconsin Chapter, Inc invests cash in excess of daily requirements in short-term investments.
Note 6. Subsequent Events

Management has evaluated subsequent events through November 2, 2021, the date on which the financial statements were available to be issued. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which may negatively impact income. The related duration and financial impact, if any, cannot be reasonably estimated at this time.
