Hydration Part 1

I am switching gears from skin integrity to hydration. This is another absolute must for individuals who have sustained a Spinal Cord Injury (SCI.) As you well know, after your injury your body goes through several profound changes. Your Doctors, Nurses, Therapists, and other Health Care Professionals will cover these changes in greater and more accurate detail than I can but I can still give you a few pointers.

DRINK LOTS OF WATER! At times you may not want to or you might not feel like it but drink water anyhow. You can consume coffee, tea, juice, soda, energy drinks, and a host of other liquids but your body still needs water. By the way, a couple of beers (provided they don’t conflict with your medication) now and then are okay but do not go overboard on the alcohol. Alcoholism is a serious problem for people with SCI so remember the old saying “all things in moderation.”

An SCI puts a tremendous strain not only on your kidneys and bladder but all of your internal organs. Water will help ease the burden. Make it a point to have your “hydration discussion” as soon as possible with your health care providers after your injury. We will discuss some Urinary Tract issues in the near future.

Remember, DRINK LOTS OF WATER! Until next time....

Greetings PVA veterans and associate members,

Summer is in full swing and we are enjoying putting on the many programs that we offer for all of you. In this newsletter we will introduce to you the many events that are still to come and will be taking place in the next three months. In order for this to be a successful and complete year there are a few things I will need from you.

First I would like to remind all of you that September is a time when we all come together for our annual membership meeting and banquet. Mark your calendars for September 22nd which will be held once again at the War Memorial in Milwaukee, Wisconsin. Our banquet is free to our membership; we also offer free lodging to those members that live more than one hundred miles’ way (One Direction). Now, if you live inside a hundred miles yet still need a little assistance getting to the banquet why not apply for (Entertainment Reimbursement).

Each PVA -WI member is eligible to apply for fifty dollars twice a year. These applications can be found on our web site under forms section. Once we have you at the banquet we know you will enjoy the great food and many bucket raffle items in addition we will also be announcing the winner of our handgun raffle.

Not only will you be having a great time we will also be conducting our annual membership meeting at which time the new board of directors will be announced along with the officers for FY2020.

Speaking of elections, please keep an eye out for your election ballots for this year’s nominees, these will be arriving to you in August, please fill them out and use the return envelope provided. Not only do we need your vote for this year we also need you to consider running for a board position next year. We are in the need for professionals with a background in finance and business. So if you have a background with these skills we need you to apply or contact our office for additional details.

Next I would like to remind you that our grab and go bags are now available at the hospital and will be distributed to you at your annual check up’s. These bags are designed to have available to you all the essentials items that you may need in an emergency so don’t forget to inquire on yours during your next visit.

Please take the time to look over this and all newsletters carefully as we have packed them full of information that is vital to you our veterans and their caregivers more than I could cover in my letter to you here.

ANNUAL TRAP SHOOT IN GREEN BAY

Brown County Sportsman’s Club hosts our annual event each year. The club always provides for all of our needs, accessibility, clean grounds, staff, volunteers, and this year a computerized scoring system. Additionally, they also provided lunch. We also appreciate all of the trap shooters who came out and weathered the event with us, the rain didn’t keep them away! Special thanks to Cabela’s for their support of 19 youth shooters.

Pulaski High School Marching Band opened our event with a tribute to America and honored our veterans with Taps! Boy Scout Troop 1113 of Green Bay presented the flag ceremony. All of these kids did a fine job and we truly appreciated them getting up early on a Saturday to come to our event.

Let’s Talk About Sex and Spinal Cord Injuries/Disorders (SCI/D)

After SCI/D, changes to sexual function and sensation are likely to occur, depending on your level and completeness of injury. Simply, the three components of the sexual response cycle, erection/lubrication, orgasm, and ejaculation, require communication between some combination of the brain, the spinal cord, and the genitalia. With SCI/D, the spinal cord pathways for the communication of these signals may be “down to one lane” or “completely blocked,” affecting one’s ability to physically become aroused. There may be additional sensory and motor changes that hinder your ability to participate in previously enjoyed sexual activities. You may also experience grief, depression, and/or anxiety as you adjust to your injury, perhaps reducing your interest in sex all together.

However, sexuality and sexual health are so much more than the physical acts involved in sexual activity. Sexuality is a central aspect of humanity that includes not only sexual activity, but gender identity, values, thoughts/attitudes, self-esteem, pleasure, intimacy, and relationships. Sexual health is simply health/well-being as it relates to one’s sexuality (World Health Organization, 2018). This means two things: 1) Your physical ability to have sex does not define your sexuality, 2) All hope is not lost. You are still a sexual being; you can still have pleasurable sexual experiences; you can still be intimate. Just like anything else after an injury, it requires modification, trial and error, and a sense of humor – advice from your health care team isn’t a bad idea either. Ask your provider when you have questions.

If you are a Veteran enrolled at the Milwaukee VA Spinal Cord Injury Center, talk to your provider about meeting with the Sexual Health Rehabilitation Team, which consists of a medical provider, psychologist, and occupational therapist. By using a collaborative approach, the team works with you to meet whatever sexual health goals you may have.

Bottom line: Changes in sexual functioning, sexuality, and sexual health are normal after an SCI. Questions are normal. And your health care team is there to help.

ELECTIONS

Do you know a member who has good ideas, who can be a leader, who has experience that could benefit the chapter? Anyone can nominate someone to hold a position on the board of directors. Nominations for the Board of Directors must be received by July 31, 2019. Get on board, be a part of the change, have your voice heard. The board meets on the 2nd Wednesday of each month, at 1:00 p.m.

Ballots will be coming in the mail in August, results will be announced at the Membership Banquet on September 22, 2019.

Note: If you are not a member and want to be included we are always looking for people to be on any of our committees, please call the office for more information.

Russell James Worth
March 6, 1924 – April 29, 2019

Russell served his country in the U.S. Navy and was a member of PVA WI since 1991. He served on the PVA WI Board of Directors for 12 years. Russell also attended the National Veterans Wheelchair Games for many years. He found both of these as a platform for mentoring other disabled veterans, helping them overcome their everyday life challenges, and giving him a purpose for living.

Russell Worth will never be forgotten because he touched so many lives. With his enthusiasm, willingness to help, and a kind heart coupled with a gentle personality, he made all of us better people.

On behalf of all of us, thank you so very much for sharing this rare and priceless gift.

The VA Mission Act

The MISSION Act strengthens VA’s ability to deliver trusted, easy to access, high quality care at VA facilities, virtually through telehealth, and in your community. That means you get the care and services you need, where and when you need them.

Beginning June 6, 2019, under the MISSION Act, you’ll have more ways to access health care. This includes within VA’s network and through approved non-VA medical providers in your community, called “community care providers.”

Depending on your situation—for example, if a certain type of health service isn’t provided by VA—you may be able to go to a non-VA provider, using your VA coverage.

In addition to increasing access to VA care, the MISSION Act:

- Authorizes VA to develop a plan to expand eligibility for the Program of Comprehensive Assistance for Family Caregivers. Learn more about benefits for family caregivers
- Strengthens VA’s ability to recruit and retain the best medical providers. Learn about careers with VA.
- Strengthens VA’s ability to align its footprint with the needs of America’s Veterans.

BOW HUNTING LAND

HUNTERS!

Are you looking for deer hunting land? A generous donor has offered his 100 acres of land in Eagle River to our veterans. “Hop” or William Kokaska, has offered the month of October to our veterans. Hop will take you out to the field where he has set up hunting blinds. When you shoot your deer, he will come and field dress it for you, and get it loaded on your vehicle.

Hunters are to call Hop to make arrangements 773-552-8182 for your hunting time. You are responsible for your own lodging, meals, transportation and deer processing.
NOTE FROM EXECUTIVE DIRECTOR

Our spring was wet and cool and did I mention wet! Please get out and enjoy the summer activities. I suggest that you take every available opportunity. Don’t let the nice weather pass you by.

For those of you that would like to play or need assistance playing video games please contact our office. Scott Griffith and I met at Independence 1st in May regarding adaptive video game inputs. Chris and Gerald from the center were able to demonstrate to us what they are able to do regarding adaptive gaming. They are able to take Xbox games and add adaptive controllers, which then allow the games to be played via a number of different devices. Once a game is adapted, the individual can play the game against the computer, or if connected to the internet play with others. We are currently working at having the VA set up their Xbox in the day room and adding adaptive devices so that all can play.

Spinal Cord Injury Recreation Therapist Joyce Casey, has been awarded the 2019 PVA Healthcare Summit Excellence Award in the therapist category. Joyce will travel to Orlando later this fall to accept the award at the national conference. In order to be considered for this award, the recipient must “have a positive impact on individuals with SCI/D and be recognized by peers, professionals, or the community.” Joyce has truly embraced her role as a Recreation Therapist working with SCI/D to make health and wellness her mission in life. Joyce doesn’t just treat her Veterans as patients, she educates them, encourages them, motivates them, has the influence to get them involved in activities they never thought they could do, and provides them the tools to succeed in life and sport. The Milwaukee VA SCI/D Center is extremely fortunate to have such a wonderful resource available for the Veterans each day. Congratulations to Joyce on such a wonderful recognition!

Fill out the entry form below and return it with your $25 deposit to receive your raffle tickets.

Raffle Ticket Prizes;
- 1st place, 2 Tickets to a Green Bay Packers Regular Season game, date TBA
- 2nd place, 2 Tickets to a Green Bay Packers Exhibition Game, date TBA
- 3rd place, $50 Milwaukee Brewers Voucher

Other raffles and door prize drawings will be held at the tournament.

Games start on Sunday at 8 am, 2 games guaranteed for all teams unless bad weather shortens the tournament. Prizes are 1st place-$100 AMF gift certificate and 2nd place-$50 AMF gift certificate.

We will supply the wheelchairs, balls and bats, but you can bring your own bats if you want. We use a 16” cut-seam ball that is easy to catch barehanded. No gloves are needed, but the first baseman may want to use one (it is hard to push the chair while wearing a baseball glove). All players must stay in the chair while hitting or playing the field. Two females must be on the field and in the batting lineup at all times. We play on the asphalt parking surface at AMF Bowlero. Games are 7 innings or a 1 hour time limit, 3 ball and two strikes, foul ball on second strike is an out.

Contact Allen Neu at 414-617-4870 if you have questions or email at; allenneu@gmail.com

This is a family friendly event. We will have games and events for kids. Live Music or a DJ, Beer, Soda, Brats, and other food at the event. Plan on staying all day to enjoy a great time and to raise money to help the WPVA and WWSA sponsor the wheelchair sports teams and other activities for disabled people.

No carry ins please. We will have plenty of refreshments available and all profits from the food and beverages helps raise money for our cause.

If you entered or left any branch of the military on this date (remember to bring along proof), you’ll get special pricing for your beverages. Music, food and, of course, a variety of great beer. We’ll be open from 10:00 a.m. to 8:00 p.m.
Dear fellow PVA WI members and staff,

With the help of the WI PVA, I was privileged to attend this year’s Winter Sports Clinic in Snowmass, CO with our contingent from Zablocki VAMC, led by Coach Joyce Casey. Six of us from the WI PVA attended. Weather was incredible and the snow conditions were considered to be epic in nature. For spring skiing, there was still over eight feet of snow base at the top of the mountain.

Had a great time skiing and did my best to stay on top of my ski’s. It worked out most of the time but I did have a couple of hard falls and I must admit my left elbow still smarts from a really good fall I took on the last day. It was not enough to dampen my enthusiasm for this most awesome adventure!

In addition to skiing, I went on a day trip with 30 other veterans to the sulfur hot springs in Glenwood Springs, CO. We had a great time but could not get the smell of sulfur out of our pores for days to come! We also played goal ball and some other crazy games in the evening. It was a hoot!

Thank you to all of the members of the PVA who made this trip and the adventure possible. I had a great time along with my fellow veterans. Regards, Ted Moorman, PVA Veteran
