APRIL - MAY - JUNE 2024

PVA-WI Travels to Washington, D.C. for the 4th Annual Reeve Summit

The 4th Annual Reeve Summit, "Where Care, Cure, and Community Connect," is a three-day event from March 6-8, 2024, in Washington, DC. The summit aims to address the critical health, policy, and social challenges faced by individuals in the paralysis community and their families. Through a diverse array of keynote speeches, panel discussions, and breakout sessions, attendees will gain valuable insights and resources to enhance their quality of life and foster a more inclusive future.

Key topics covered at the summit include the complexities of caregiving, emergency preparedness, progress in spinal cord injury research, and combating racism and ableism in healthcare. Attendees will learn about programs that support outdoor accessibility, higher education pursuits for students with disabilities, and strategies for recruiting and managing caregivers. Additionally, the event will highlight the importance of disability inclusivity and representation in research and the role of technology in shaping an accessible future.

Scott Griffith, PVA-WI's National Director and Vice President, was invited to attend and sponsored by the Foundation's Military and Veterans Program (MVP) council, in which he participates as a volunteer. The Reeve Summit offers a wealth of information and support. Sessions on caring for family caregivers, mitigating burnout and distress, and navigating the challenges of caregiving amidst a crisis will provide valuable insights and resources. Discussions on advocacy at the federal and state levels, as well as the experiences of those living with paralysis, will provide insights as well. Moreover, the summit presents opportunities to connect with organizations and subject-matter experts to learn about cutting-edge research and treatments and discover tools for enhancing self-management and well-being.

tools for enhancing self-management and well-being. By attending the Reeve Summit, PVA-WI gains the knowledge and help needed to support our members and their caregivers in leading fulfilling lives and advocating for positive change.

PRESIDENT'S REPORT

Dear PVA-WI Community,

As your Board President, I am thrilled to share with you the exciting developments and ongoing efforts our organization is making to strengthen collaborations across our community. We have been actively engaging in outreach initiatives to connect with local organizations, businesses, community leaders, and adaptive sports trainers. Through these efforts, we have identified several key partners who share our vision and are committed to enhancing the services and events we provide. By fostering these relationships, we aim to bring you an even more diverse array of resources, expertise, and opportunities.

In addition to these efforts, we have been actively participating in conferences and workshops to stay informed about the latest trends, best practices, and resources that will benefit our membership. By staying at the forefront of these developments, we can ensure that our members receive the highest quality services and support. Looking ahead, we are excited to announce that we have identified points of strategic collaboration with our partners and hope you will see the impact at upcoming events and services. By leveraging the strengths and resources of our collaborators, we aim to deliver even more impactful and meaningful experiences for our members and their families. Keep an eye out for upcoming webinars and events that showcase the fruits of these collaborations.

On another note, I wanted to remind you that our annual board elections are just around the corner. If you are a full member of PVA-WI, passionate about our organization's mission, and would like to contribute your skills and expertise to help guide our future direction, I encourage you to consider running for a position on the board. Please contact our office for more information on the nomination process and the responsibilities of board members.

In closing, I want to express my gratitude for your continued support and engagement with our organization. It is through the dedication and involvement of members like you that we are able to make a positive impact in our community. Together, we will continue to strengthen our collaborations, enhance our services, and create a brighter future for all.

Best regards,

Todd Drazy
Board President

EXECUTIVE DIRECTOR'S REPORT

Dear PVA-WI Members,

I wanted to take a moment to remind you to visit our website regularly to stay informed about all the exciting upcoming events our organization has planned for you. In addition to our website, be sure to follow our Facebook page, where you will find not only our own events but also other relevant events taking place in your local area. By staying connected through these platforms, you can ensure that you never miss out on the valuable opportunities and resources our community has to offer. If you have any questions about the events, please contact the office at info@wisconsinpva.org or 414-328-8910. We look forward to seeing you at our upcoming events!

Amera Schaefer, Executive Director.

CHAPTER MEMBERSHIP

Members: 307

New Members:

Michael Walls, Glynn A. Patrick, Terry R. Mittelstaedt, Jeff Dollar, Megan Kingston, Frank S. Smith, John D. Rapant, Scott T. Hamely

Associate Members: 167

Tiffany Perry, Dante McCommon, Richard Hoffmann

Final Bugle:

James G. Dekay, Daniel R. Furdek, Garret J. Smith, Darrell E. Standish, Gerald A. Zurowski, Robert J. Mathis, James L. Schirmer

Hello PVA-WI Members,

A donor has donated a crypt to us located at West Lawn Memorial Park in Racine, WI.

If you are interested or have any questions please email info@wisconsinpva.org or call 414-328-8910.

Scholarship Opportunity

PVA-WI has a scholarship program for our members and their families. Eligibility is open to all PVA-WI members, their spouse, their children, and their grandchildren. This scholarship opportunity is not open to associate members or their dependents.

Application submission guidelines:

1. Proof of enrollment in an accredited college, university, or technical school
2. Submit an essay between 500-600 words describing how you have been impacted by a veteran living with a spinal cord injury or disease
3. Share any civic engagement activity you have performed
4. Must have a cumulative GPA of 2.5 or above; please submit your most recent transcript showing grades and GPA

The application is available on our website under policies; click on the policy titled PVA-WI Scholarship for Members/Dependents or scan the QR code. These applications will be reviewed year-round on the first of every month. If you have any questions, please email aschaefer@wisconsinpva.org.

Scan the QR code to start your scholarship application today!

2024 Reeve Summit Cover Story Continued...

The Reeve Foundation is an excellent resource of information and partners with PVA in producing and translating clinical practice guidelines. Several guest speakers from the disability and paralysis community spoke on topics ranging from home healthcare to disaster preparedness. Please contact the office if you would like a disaster preparedness guidebook created by The Reeve Foundation, which now goes into all of our Emergency Grab 'n go bags.

Additionally, the ReeveFoundation offers grants to individuals, organizations, and research. Please be sure to visit the website to learn more about the exciting work they do: <https://www.christopherreeve.org>.

Congratulations: Scholarship Recipients

- Haley David
 - Daughter of David David, studying nursing
- Parker Griffith
 - Son of Scott Griffith, studying biology to pursue a medical degree
- Connor Olsen
 - Son of Einar Olsen, studying business
- Annie Olsen
 - Daughter of Einar Olsen, studying biomedical engineering

PVA-WI wishes you the best of luck in your studies and thanks you for the opportunity to support your future endeavors!

<https://forms.office.com/r/AR5IKMQ96F>

PVA-WI Annual Election 2024-2025

PVA-WI is accepting nominations for the Board of Directors until July 31, 2024. In early August, the election ballots will be mailed to the voting membership for selection. Current PVA Board Members Ken Matthews, Todd Drazy, Richard Buth, and Troy Kurczek are up for re-election as their term ends September 30, 2023. Nominations are now being accepted. Please contact the office if you are interested in running for the board.

If you are considering running for an open position, you must successfully complete Paralyzed Veterans of America's Certification process. If the National Secretary has not certified you, your name can still be placed on the ballot, but you cannot assume an elected position until you are certified. The certification process is very simple, and the forms are available through PVA-WI.

Certification requires three items of proof:

- Citizenship (birth certificate, passport, immigration or naturalization form number)
- Active Duty Service in the Armed Forces and character of discharge other than dishonorable (DD-214)
- Medical proof of spinal cord injury or disease (physician's statement or medical records).

Please note - this process does take time, so make sure to allow enough time to complete the certification process. If you have questions, please contact the office at (414) 328-8910 or email info@wisconsinpva.org

PVA-WI's MS Point of Contact

Hi, my name is Mark Rose, and I am the MS Point of Contact Representative for PVA-WI. I work along side Amera Schaefer to be a liaison between membership and PVA National's MS Committee because PVA wanted a disabled veteran with MS for this position. I served in the US Army from November 1983 to November of 1987. I worked on communications, navigation, and aircraft survivability on attack helicopters. When I was honorably discharged I was diagnosed with Multiple Sclerosis in March 1990. I was later pronounced by the Veterans Association as a 100% service-connected and 100 % disabled Veteran. I was asked and happily accepted being the lead to a bunch of men and woman who all did at least our 4 years. I personally think that honor to do our time to the country is a serious and good thing. As the saying goes', You have done your part in serving our country, now it is our duty to serve you.

If you are an MS member you would like to speak to Mark Rose; please contact the PVA-WI office for his contact information. Mark is currently making calls to all PVA-WI members with MS to connect, share programming opportunities, and find out what PVA-WI can do to better support our membership.

National Service Officer Report

Are Your VA Benefits Deposited into Different Accounts? VA's Transition to Single Payment Bank Accounts

By Brenda Stencil, NSO

Since 1944, the GI Bill has helped qualifying veterans and their family members to get money to cover all or some of the cost for school or training. The Department of Veterans Affairs (VA) relies extensively on its legacy GI Bill payment system; however, as the VA's modernization initiatives evolve, outdated systems need to be updated.

The updated payment system will pay all VA benefits to veterans and beneficiaries through one system. As part of modernizing the GI Bill payment system, the VA will no longer send a veteran's or family members' benefit payments to more than one bank account. **Effective**

- **April 20, 2024, all veterans and beneficiaries will be required to select only one payment address to keep on file.** For example, a veteran's VA disability compensation payments are
- deposited into "bank account A," and education benefits are deposited into "bank account B." The veteran must select either account A or account B, which will become the same account for all benefits.

The benefits of this modernization will protect veterans and families from fraud and ensure the VA is able to pay veterans on time, every time, and without error. Additionally, once fully deployed, this platform will improve claims processing and customer service by providing direct, online, one-stop access to GI Bill benefits and information.

Nearly 50,000 of 800,000 total GI Bill beneficiaries will be impacted by this shift. VA is reaching out to students through phone, texts, and emails and will continue to contact them until their information is updated on VA.gov. No veteran or beneficiary will miss a benefits payment of any type. For those students who do not comply by April 20, the VA will consolidate the accounts for them on their behalf, electing the non-education benefit pay account as their primary bank account.

The easiest way for veterans and beneficiaries to make this change is to log on to <https://www.va.gov/change-direct-deposit/>. When beneficiaries get to the pay information, there will be a box for the bank account information of their education benefit and a box for the bank account information for the other benefits they receive. The beneficiary should then update the bank account information to use the same account for all benefits.

Ekso Indego® Gets Veterans Walking Again

Eligible veterans can receive an Ekso Indego exoskeleton at NO COST!

Ekso Indego Personal

What is the Ekso Indego?

Ekso Indego is an FDA-cleared, powered exoskeleton worn around the waist and legs that enables individuals paralyzed from spinal cord injuries (level T3-L5) to stand and walk, offering a new level of independence.

Scan with your phone for more information on how you could receive your own Ekso Indego Personal.

Getting Veterans with SCI Back on Their Feet

A recently revised VA policy allows Ekso Indego to be issued to qualified veterans at no cost.*

- Regain your independence
- Improve your cardio & bone density
- Enjoy eye-level conversations again

Contact us to find out if you are eligible to receive an Ekso Indego at NO COST!

www.eksobionics.com/request-information/

* A screening process through the VA is required to determine eligibility for use of the Ekso Indego Personal device. For full indications for use, visit: www.eksobionics.com/indications-for-use/

ADVOCACY

On March 6, PVA National President Robert Thomas, Jr. testified before a joint session of the Senate and House Veterans' Affairs Committees regarding PVA's public policy priorities. During the hearing, he stressed the need for comprehensive support systems and policies that address the unique challenges faced by our nation's veterans with catastrophic injuries and diseases. President Thomas fervently advocated for legislative initiatives aimed at enabling and empowering disabled veterans, their families, and caregivers.

Aging With MS with Dr. Aaron Boster

We're all living longer and that includes people living with MS. And as they age, people with MS are asking new questions.

Is there a need to stay on disease-modifying therapy after the age of 60?

How do we know whether a new symptom is a symptom of MS or a symptom of aging?

Does an additional age-related health condition make treating MS more difficult?

This week, Dr. Aaron Boster joins me on a deep dive into aging with MS. Dr. Boster brings 19 years of experience as an MS clinician. He's participated in over 65 clinical trials. And, following its FDA approval, Dr. Boster administered the very first dose of Ocrevus in the world.

To listen to Episode 337 of the RealTalk MS Podcast, please visit:

https://realtalkms.com/episode-337-aging-with-ms-with-dr-aaron-boster/?utm_source=imt&utm_medium=email&utm_campaign=fy24_societynewsletter_march1_fy24&CampaignID=

Navigating Insurance Denials: A Major Hurdle for People Living with ALS

An ALS diagnosis often leaves people feeling overwhelmed and uncertain about their future. Among the many challenges they face, uncertainty about insurance coverage for treatments and equipment they need to live shouldn't be one of them. And with the help of ALS advocates nationwide, we're working to make sure people with ALS and their families have access to what they deserve.

To help educate the public and raise awareness of the growing issues people with ALS and their families struggle with, ALS Association CEO Calaneet Balas recently shared her views about insurance denials in an op-ed published by the International Business Times, specifically relating to the use of ventilators and assistive technology.

To read this article, please visit: <https://www.als.org/blog/navigating-insurance-denials-major-hurdle-people-living-als>

National Service Officer Report Continued

Also, effective March 5, 2024, the VA established three new groups of veterans eligible for VA health care years earlier than called for by the PACT Act:

1. Veterans who were exposed to toxins or other hazards during military service;
2. Veterans who were assigned to certain duty stations in Southwest Asia or parts of Africa; &
3. Veterans who deployed in support of certain operations after 9/11.

Here's what that means for veterans:

- If you served in Vietnam, the Gulf War, Iraq, or Afghanistan, you can enroll.
- If you deployed to any combat zone after 9/11, you can enroll.
- If you deployed in support of the Global War on Terror, you can enroll.

• And even if you never deployed but were exposed to toxins or hazards while training or serving on active duty here at home – by working with chemicals, pesticides, lead, asbestos, certain paints, nuclear weapons, x-rays, and more – you can enroll, too.

Bottom line:

All veterans exposed to toxins and other hazards – at home or abroad – are eligible to enroll in VA care. Even if you don't think you need this care today, you might need it tomorrow, or the next day, or 30 years from now. All you have to do is enroll, then you have access for life. So, don't miss this opportunity: better, more affordable health care is waiting for you. Go to [VA.gov/PACT](https://va.gov/PACT) and get it.

If you have any questions relating to this information, please feel free to contact me at 414.902.5655, or you can reach me by email at brendas@pva.org.

PVA Releases Caregiving Video Series

Caregiving is an important issue to PVA and the Veterans we support. This month, we released videos about the limitations of VA caregiver support programs, and the challenge of finding quality in-home caregiving. To view this series, please visit:

PVA Awareness Month

April is PVA Awareness Month!

April is recognized as PVA Awareness Month, which serves as a precursor to Paralyzed Veterans Recognition Day. This day was declared by President Ronald Reagan in 1986 and started as a day-long observance. After requests from PVA members and chapters across the country, the celebration was extended to an entire month to raise awareness of America's veterans living with spinal cord injury and disease (SCI/D) as well as all veterans with disabilities. The aim is to highlight the people, programs, and services that exist to help make their lives easier.

PVA-WI is proud to celebrate PVA Awareness Month in April, which demonstrates how far we have come in the fight to help paralyzed Veterans and all people with disabilities. It also shines a spotlight on how much further we have left to go in helping these heroes regain what they fought for: their freedom and independence.

Throughout April, all 33 PVA Chapters will share stories that highlight the resiliency of their members and the national impact of PVA efforts for veterans with spinal cord injury and disease (SCI/D) and all people living with disabilities. Follow us on all social media platforms at Paralyzed Veterans of America - WI Chapter!

New VA Outpatient Clinic in Oconomowoc Brings Health Care Closer to Home for Thousands of Veterans

On March 8, 2024, a ribbon-cutting ceremony was held to mark the grand opening of the Oconomowoc VA Outpatient Clinic located at 1289 Olympia Fields Drive. The clinic, which spans over 8,500 square feet, will provide healthcare services to approximately 5,500 eligible Veterans in the area. The Oconomowoc clinic is the fifth community-based outpatient clinic under the Milwaukee VA umbrella, joining the Green Bay, Appleton, Cleveland, and Union Grove clinics. Jim McLain, the executive director of the Milwaukee VA, believes the new clinic will cater to the healthcare needs of Veterans living between VA hospitals in Madison and Milwaukee.

McLain states, "Our staff is all about doing the right thing for Veterans, and that is why we are here — because it is the right thing to do. Our dedication is to serve our Veterans — those who stand up and serve and defend our country — We are able to sleep at night and feel safe because of the individuals who are standing watch in foreign lands. We are here to ensure that when they come back, they're cared for. Our mission never ends."

Please read the rest of this article by the U.S. Department of Veteran Affairs, Public Affairs Specialist David Walter at this link: <https://www.va.gov/milwaukee-health-care/stories/new-va-outpatient-clinic-opens-in-oconomowoc/>
